

A WORLD OF ATTENTION BEFORE, DURING & AFTER YOUR PURCHASE

FURNISHING CONSULTING

Our furnishing consultants will be glad to advise and assist you in choosing a model, from the coverings to the colors, and in coordinating sofas, armchairs and accessories.

UP TO 10 YEARS WARRANTY

All Natuzzi sofas and armchairs have a ten year warranty on the frame and two years on the upholstery, mechanical parts and coverings. All furnishing accessories carry a two year warranty.

HOW TO KEEP YOUR SOFA IN PERFECT CONDITION

To keep your sofa in perfect condition, there's an array of Natuzzi cleaning kits, on sale in all our stores, for all types of covering.

NATUZZI
ITALY

50 YEARS OF VALUES. ONE ON TOP OF THE OTHER.

VALUES OVER TIME. CERTIFIED.

Pasquale Natuzzi began working in 1959, exactly 50 years ago. The Natuzzi Group today enjoys a leadership position in the production of leather sofas, and can proudly state a consolidated presence in 123 countries and 5 continents. Our continuous commitment to quality and professional standards is acknowledged by certifications ISO 9001 and 14001.

THE PRODUCTION CHAIN. A CLEAR ADVANTAGE.

Our philosophy is to guarantee our customers the best possible quality at the most competitive prices. What makes this possible is our management of every single manufacturing phase, from design to purchasing of materials, from tanning of leather to delivery at our customers' homes.

A PASSION FOR LEATHER. A HERITAGE OF KNOWLEDGE.

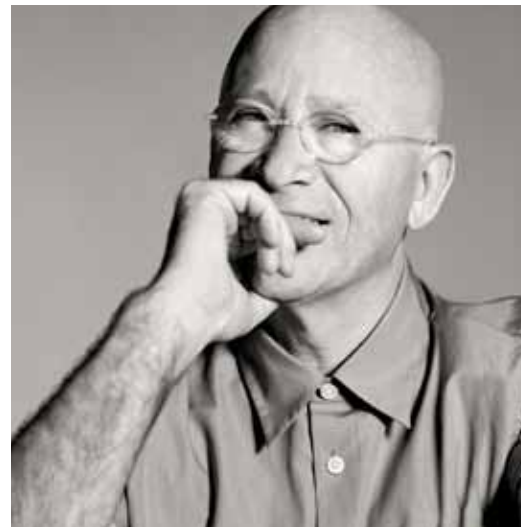

We have earned worldwide fame as the leading manufacturer of leather sofas. Working with leather is second nature to us; it goes through 23 separate phases in our tanning plants. We classify our hides into two categories: Natural and Protecta. Natural leather is valuable, soft and velvety, obtained by a process that is carried out in complete respect of the original characteristics. Protecta leathers are covered by an invisible protective layer, making them very durable and perfect for those with young children or pets.

OUR MATERIALS. PROVEN QUALITY.

All our materials are chosen and manufactured in compliance with strict quality standards that go through 210 different tests. All our hides are subject to 23 different phases of tanning and working. And the padding? Goose down, non-allergic and non-recycled, or polyurethane ecoflex, freon-free, designed and produced exclusively in our plants.

THE SHOPPING EXPERIENCE. A SPECIFIC SERVICE.

The search for harmony through the combination of furnishing elements and the thought process that accompanies every single moment of our work. From the initial idea in the Style Centre to the final purchase from the showroom. Our furnishing consultants look forward to helping you create your very own personal living space.

Pasquale Natuzzi
Chairman and Chief Designer, Natuzzi Group

Space evolves, just as we do.

It changes over time, adjusting to new tastes, needs and life styles.

Home is more than ever “our place”, the place we want to be to find ourselves. Values like beauty, long-lasting quality, harmony with the objects around us are more than ever important.

All this is what we call “personal living”, an advanced concept of space that reflects our way of being down to the smallest detail. All this inspires the creations of our new 2010 collection: sofas, armchairs and furnishing items to be personalized and matched to suit individual tastes, but never failing to meet internal harmony.

For the last 50 years, we have designed our style to make it yours.
